 - a. Projecting ideas in selection of the topic
 - b. Presentation of ideas

Detailed Description on Events Vision Voyage (Poster Presentation)

A poster presentation is a visual display of research findings, typically presented on a large poster with concise text, impactful graphics, and key data points, allowing viewers to quickly grasp the main ideas of a study while providing an opportunity for the presenter to engage in detailed discussions with individuals interested in learning more about the research; it's a method of communicating complex information in a visually appealing and easily digestible format, often used at conferences and academic events where attendees can interact directly with the presenter at the poster site.

Figure 2- List of Faculty and Students coordinators

In Vision Voyage event, we have encouraged all the undergraduate and postgraduate students to form a team of maximum 2 members and submit abstracts from topics such as Animatronics, Augmented Reality, Autonomic Computing and Biochips, Digital Jewellery and E-waste etc. not exceeding 250 words. It was not restricted to these topics but included other topics also. All the participants were asked to submit the abstracts by 01st March 2025 to jijnasaaceposter25@gmail.com.

We received 38 registrations out of which 31 registrations are from our college students and 7 registrations from other colleges of Telangana such as Sreyas Institute of Science and Technology and Sri Sivasubramaniya Nadar College of Engineering.

All the 38 posters submitted were thoroughly screened and finally 03 best posters (consisting of 06 participants) were selected from these.
