### Report on Haritha Haram under NSS Committee

Trees offer many environmental benefits. Trees improve our air quality by filtering harmful dust and pollutants such as ozone, carbon monoxide and sulfur dioxide from the air we breathe. Trees reduce the amount of storm water runoff, which reduces erosion and pollution in our waterways and may reduce the effects of flooding. Many species of wildlife depend on trees for habitat. Trees provide food, protection, and homes for many birds and mammals.

The NSS unit of Bhoj Reddy Engineering College for women organized a one day tree Plantation programme under Haritha Haram on 22 February 2025 (Saturday) in college premises. The staff and students contributed their role in a one day plantation program by plant saplings and fenced them and watered the plants and also took an oath for the responsibility of the plants. A spirit of team work, exchange of ideas and enthusiasm of the participants made the program success. Around Eighty saplings were planted throughout the college premises
