Department of Information Technology Project Expo Report

The Project Expo is a national-level technical event designed to provide students with a platform to showcase their innovative technical projects and research work. As part of JIJANSA 2025, the Department of Information Technology organized this event on 07 March 2025, from 10:00 Hrs to 13:00 Hrs at IT Lab-I (South Block 216).

As part of *JIJANSA 2025*, the Department of Information Technology organized the "Project Expo" event on **7th March 2025**, from **10:00 AM to 13:00 PM**. The event was skillfully coordinated by **Minhaj Begum**, along with **Co-Coordinator D Navaneetha**, supported by dedicated staff and student in-charges from various classes.

The event witnessed participation from various engineering colleges, including students from other states such as Chennai, Andhra Pradesh, and Karnataka. This diverse participation enriched the event by bringing in unique ideas, perspectives, and technological innovations from different academic backgrounds. The expo encouraged students to present their problem-solving skills, creativity, and technical expertise through working models, software applications, and hardware-based projects. The best 30 projects were selected based on innovation, feasibility, and real-world impact. The event proved to be a successful platform for students to demonstrate their coding skills, enhancing their problem-solving abilities and resilience under pressure.
